

HOW TO PROGRAM A REMOTE BOSS HT4

1. ENSURE YOUR NEW BATTERY IS INSTALLED CORRECTLY IN THE NEW REMOTE
2. OPEN THE COVER, IF ANY, ON YOUR MOTOR TO ACCESS THE CONTROL PANEL:

ROLLER DOOR OPENER:

You may need to insert a screwdriver into the slot near the bottom of the faceplate then;

1. Press and release the small LEARNING button under the large aqua button. (see Diagram 1)
2. The YELLOW LED light on control panel should come ON
3. Press the remote button ONCE. If the programming is successful a GREEN LED will blink twice
4. Press and release the small LEARNING button again. The YELLOW LED light should go OFF

PANEL DOOR OPENER :

Press the RADIO SET button

1. With a pointed object, push and release the RADIO SET button
2. The MOTOR light should come ON for 30 seconds
3. Within that 30 seconds, press the remote button until the motor light FLASHES TWICE
4. Press the remote-control button to test operation of the door
